When school is out, the Y is in!

The YMCA of Delaware is committed to providing children with a safe and positive experience while promoting unity, acceptance and fostering a sense of self. Before care programs offer a great start to your child's day with group games and enrichment choices. After care programs reinforce academics through a variety of fun and engaging structured activities, provide time for homework, and a snack or small meal, and physical activities and sports. Our well trained staff strive to create an environment that supports children and their individual needs.

Health and safety is our #1 priority!

We're following guidelines from health experts and local officials to ensure that our childcare programs meet the highest standards for hygiene and safety, and we have modified our policies and programs to facilitate safe physical distancing practices.

Space is Limited. Register today!
