The Future of Colonial School District

Elementary Schools Forum June 2022

**It's been nearly 20 years since
the last major upgrade to our
facilities in CSD.**

The Power of

**Need to Adapt
Need to Restore
Need to Upgrade**

With an expanding competitive market, a growing need to serve our community and a demand for facilities to serve today's student body . . .

**Need To
Adapt**

**Reinforce our
Innovation pillar**

*Show our staff,
community and students
that we are as innovative
in our facilities as we are
in our curriculum.*

With an aging collective of facilities who have served our community well . . .

**Need To
Restore**

**Reinforce our
Access &
Opportunity pillar**

*Updating and repairing
our buildings to give our
students, staff families
and community a school
they will be proud of and
want to learn in.*

**With a surrounding community of
state of the art facilities for athletics,
extra curricular options and more . . .**

**Need To
Upgrade**

**Reinforce our
Leadership pillar**

*Build state of the art
athletics facilities to give
us as a competitive edge in
the state of Delaware and
bring championship sports
to our schools.*

WHY do we need to this?

*We want every aspect of Colonial
Nation to be a source of pride.*

*Restoring, updating and improving
the buildings and facilities in
Colonial is a necessary step to fully
realizing the **Power of WE** and
showing all of our students that
they deserve safe, functional, high
quality spaces.*
